Suffolk County: At a Glance

Suffolk County comprises about 1000 square miles of the eastern two-thirds of Long Island. Long Island, formed during the Pleistocene Era 10,000 years ago, extends 120 miles into the Atlantic Ocean, east from New York City. The distance from the Nassau County border to the eastern tip of Montauk Point is 86 miles.

The Dutchman, Adrian Block, the first explorer to touch land at Montauk Point in 1614, encountered Native Americans. English colonists crossed Long Island Sound from Connecticut and Massachusett colonies, founding Southold and Southampton (1640), East Hampton (1648), Shelter Island (1652), and Setauket in Brookhaven (1655).

In 1682 James, Duke of York, who owned Long Island, appointed Thomas Dongan to govern it. At a gathering of colonial representatives, the “Charter of Liberties and Privileges” was adopted (November 1683), establishing Suffolk County as a political entity and as one of the 12 original counties of the Province of New York, and laying the foundation for the State’s present political subdivisions and governmental structure.

Until 1960, Suffolk County, consisting of the ten towns of Babylon, Brookhaven, East Hampton, Huntington, Islip, Riverhead, Shelter Island, Smithtown, Southampton, and Southold, was governed by a Board of Supervisors, with each town represented by its elected supervisor. In 1958, the voters approved a new Suffolk County Charter that provided for a new administrative officer, the County Executive, while retaining the Board of Supervisors as the legislative body. In 1968, the US Supreme Court mandated that the one-man, one-vote principle be applied to county government. Therefore, the Charter Revision Commission proposed the apportionment of the county into 18 districts of equal population, and the election of one representative from each of the districts to constitute the County Legislature, replacing the old Board of Supervisors.

Federal law makes these provisions for vacancies:
The President - Vice President becomes President.
The Vice President - The President nominates a Vice President who must be confirmed by majority vote of both houses of Congress. The legal order of succession after Vice President is: Speaker of the House of Representatives, President Pro Tempore of the Senate, members of the Cabinet in a specified order (beginning with the Secretary of State).

New York law makes these provisions for vacancies:
U.S. Senate - The Governor appoints someone to the office until the vacancy can be filled at a general election.
U.S. House of Representatives - Depending upon date, vacancies are filled at a special election or at the next general election.

Budget Overview:

The total Suffolk County 2019 Adopted Operating Budget is $3.11 billion, which represents $2,084 for each adult and child in the county.

Suffolk County prepares two budgets each year: the operating budget and the capital budget and program. The capital budget must be adopted by the Legislature by June 30 for approval by the County Executive. The 2019 Adopted Capital Budget is $216,274,383. The Community College budget is approved prior to the start of the academic year on September 1. The 2018-2019 Adopted Suffolk County Community College Operating Budget is $226,385,276.

The following paragraphs address only the County’s 2019 operating budget. The fiscal year for the operating budget starts January 1.

The information included here can only be considered an overview of a quite complex subject.

Operating Budget timeline:

- The County Executive holds two hearings on his proposed budget in August.

- The County Executive submits his proposed budget to the Legislature on or before the third Friday in September.

- The Legislature holds two hearings, completed by October 31.

- By November 10, the Legislature must act to amend the proposed budget, and submit it to the County Executive.

- The County Executive may veto the whole budget, or individual line items, before November 21, or the budget is adopted as submitted.
Points to keep in mind:

**Revenue** comes from property taxes, sales tax, state aid, federal aid, and other sources.

The revenue stream included in the budget is only an estimate of the amounts that can be anticipated. If retail sales fall, the 8.625% sales tax yield will not be as great as anticipated. Similarly, if homeowners and business owners do not promptly pay their property tax, there is a shortfall. The county borrows money in anticipation of receiving this revenue; therefore, debt service is required because of this borrowing. A general view of the 2019 anticipated revenue is shown in pie chart A.

**Expenditures** are for personnel, debt service, and a wide variety of services, such as police, education and economic assistance. Some expenditures are mandated by the state and federal government, which restricts the freedom of the county to apportion expenditures.

The proposed 2019 expenditures are shown in pie chart B. The largest functions are economic assistance, employee benefits and public safety. Transfer to other funds represents inter-departmental transfers for services, such as personnel benefits, vehicle maintenance, etc. About 43% of the $3.11 billion budget is "mandated" by various state and federal programs, such as Medicaid. The remainder is "discretionary."

**Townships** - The budgets of the 10 towns in the county are separate from the county budget.

**Comparison** -

- The taxable full valuation of property in the county is $298.7 billion. According to the 2010 census there were 499,918 households in Suffolk County.

- According to the 2010 census, the county population - 1.5 million - is larger than Alaska, Delaware, District of Columbia, Hawaii, Maine, Montana, New Hampshire, North Dakota, Rhode Island, South Dakota, Vermont, and Wyoming.
