

The Government Committee proposed two separate Public Information Meetings (PIM), tentatively on 4/8 for SH Town and then on 4/15 for EH Town.

The subject is Recycling with a three-part theme:

1. The Big Picture, Pre- cycling
2. How & What
3. What happens to stuff that has been recycled

Potential Panel Speakers: Owner of the Ecological Cultural Institute; Representative from a recycling center (not a carting company); Representatives from each Town.

We also discussed a possible Tour of the Cutchogue Recycling Center that individuals could sign up for at the PIM
